DEVOPS & CLOUD COMPUTING ENTHUSIAST

Passionate B.Tech CSE student with hands-on internship exposure in cloud computing and web development. Currently learning Linux, AWS, Git, virtualization, and DevOps fundamentals through practical implementation and continuous upskilling. Eager to build a career in cloud infrastructure, automation, and modern DevOps practices.

EDUCATION

Pratap Institute of Technology & Science, Sikar	2023–2027
Bachelor of Technology Computer Science & Engineering	CGPA: 9.21
Guru Rabindranath Tagore Sr. Sec. School, Taranagar	2022–2023
CLASS 12TH RBSE	95.20%
Guru Rabindranath Tagore Sr. Sec. School, Taranagar	2020–2021
CLASS 10TH RBSE	99%

TECHNICAL SKILLS

Cloud & DevOps: AWS (EC2, IAM, S3), Linux, Virtualization, DevOps Fundamentals

Programming: Python (Basics), JavaScript, HTML, CSS

Tools & Platforms: Git, GitHub, VirtualBox, Rocky Linux

CS Fundamentals: Operating Systems, Networking Basics, Cloud Infrastructure

Soft Skills: Problem Solving, Team Collaboration, Communication

EXPERIENCE

Cloud Computing Intern (Remote) - Corizo Edutech	Dec 2025 – March 2026
- Working with AWS cloud fundamentals including EC2, IAM, and S3. - Practicing Linux system operations in virtualized environments. - Exploring cloud deployment concepts and DevOps workflows.	
Junior Frontend Developer Intern - Dicecode Technologies	Apr 2025 – Jul 2025
- Developed responsive web pages using HTML, CSS, JavaScript, and Bootstrap. - Contributed to real-world frontend projects including Hotel Lokseva website. - Collaborated with UI/UX and development teams on client projects.	

PROJECTS

Linux System Administration & Cloud Practice Lab	Jan 2026 – March 2026
- Practicing Linux commands, file permissions, user management, and shell basics. - Exploring AWS services including EC2, IAM, and S3 through hands-on practice. - Building foundational DevOps and cloud administration skills.	
Hotel Lokseva Website	Jun 2025 – Jul 2025
- Developed responsive and user-friendly frontend pages using HTML, CSS, JavaScript, and Bootstrap. - Built custom website sections with focus on performance, UI consistency, and mobile responsiveness. - Collaborated on real-world project workflows and implemented clean frontend design practices.	

CERTIFICATIONS

- Linux for DevOps – Masterclass
- Generative AI Mastermind – Outskill
- Cloud Computing Internship Certificate – Corizo Edutech
- Frontend Developer Internship – Dicecode Technologies

ACHIEVEMENTS

- Coordinator – Technical Event, PRATAPOTSAV -2025,2026
